

NATURAL CLIMBERS Hill Climber

NAT-000044

- Custom built to suit each site
- Handles available in several colour options
- Handles made from industrial strength materials that maintain grip when wet
- Authentic rock feel to grips

Satisfy any thrill-seeker's appetite with the hill climber. This natural play component serves as an avenue for exploration and risk while strengthening a multitude of motor skills. Equipped with industrial strength handles to maintain grip when wet, the climber acts as an exercise in problem-solving and focus while strengthening tactile, proprioceptive, and vestibular processing.
