

## SITE FURNISHING Log Bench

NAT-000047

Active Playground Equipment's log bench is constructed from large scale, hardwood logs, that are treated and sealed to aid in water resistance. Units can be easily installed at heights ranging from 12" to 20" depending on the age group of the users. The log bench encourages sharing and is a beautiful way to provide a gathering place or a place of rest while maintaining a natural aesthetic.

### Motor Skills
