

NATURAL CLIMBERS Log Snake

NAT-000051

- Custom configurations available
- Various log heights range from 8" – 16"
- Sealed and treated for water resistance
- Log edges can be rounded/chamfered
- Configured to suit site layouts and limitations

For all aspiring daredevils the log snake offers the perfect way to tightrope across the mighty rushing waters of Niagara Falls or jump from one building to the next. Custom configured to suit each site, the log snake is comprised of 10 logs in various heights, ranging from 8" to 16". Sealed and treated for optimal water resistance, these structures sharpen focus and attention and utilize core strength, balance, motor planning, and coordination.
