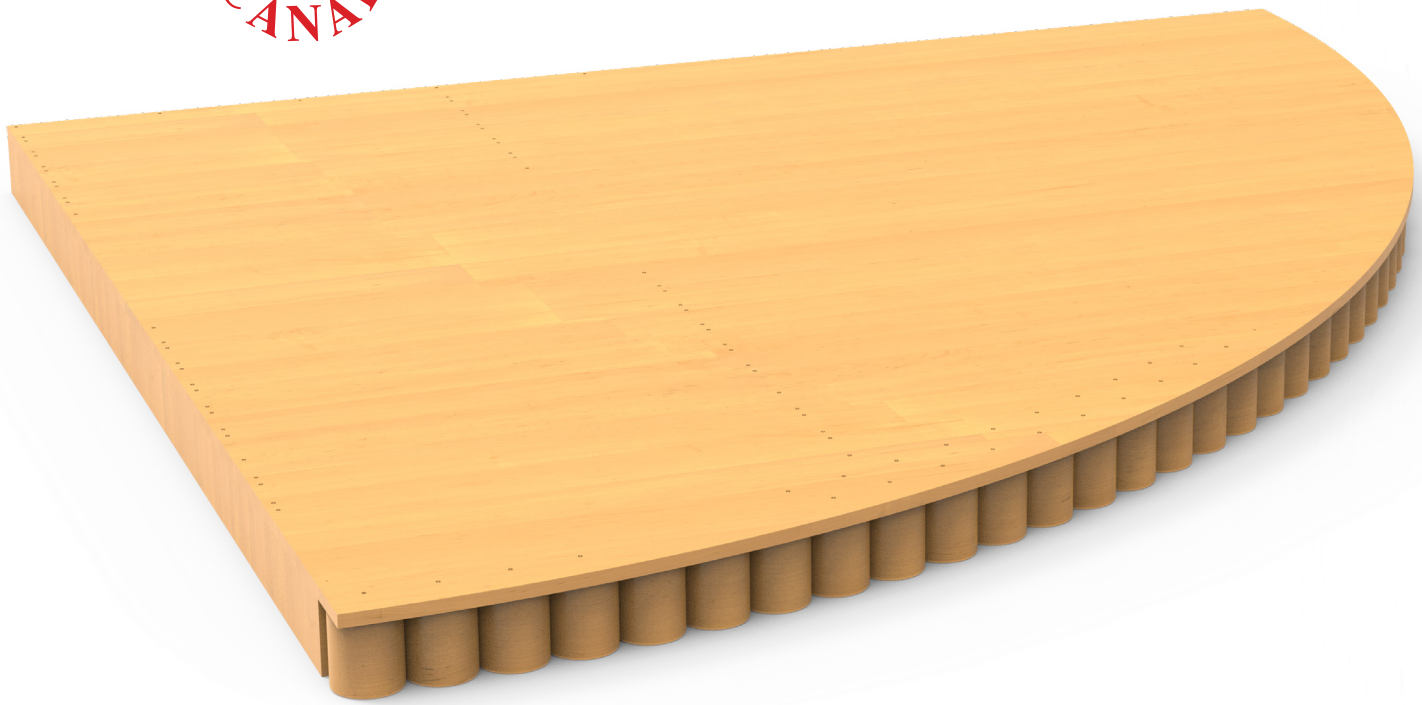
IMAGINATIVE PLAY

Moon Stage 12’

NAT-000095

MADE IN · FABRIQUÉ AU CANADA



Aspiring thespians and rock stars alike will be elated to put their talents on display, taking center-stage on the log moon stage. Set children’s inner performer free while they practice coordination, attention, memory, and comprehension, all while utilizing their auditory, visual, and oral processing. Role-playing, expressive and receptive language, and non-verbal communication flourish during each performance. Up the star factor by providing log seating for audience members.
